Reference:

In their Order cited, the Government have sanctioned the purchase of two small boats at a cost not exceeding Rs.400/- each for patrol work in the Mangalore back-waters and Kalyanpur river. In the Board's reference second cited, the Government were informed that the above sanction was not utilised then and that the purchase of the boats has been kept in abeyance for the reasons stated therein. The District Prohibition Officer, South Kanara, now reports that there are 2 boats fairly new for sale, one at Mangalore and another at Kalyanpur for Rs.450/- and Rs.550/- respectively and requests revised sanction for the purchase of these two boats or any other 2 small boats at a cost not exceeding Rs.550/- each as these amounts exceeds the amount of Rs.400/- already sanctioned in G.O. cited.

2. The Board submits that the muskets will be supplied to the patrol party before the end of this month and no useful purpose will therefore be served without boats. The Board therefore requests that the Government may be pleased to accord revised sanction for the purchase of two small boats at a cost not exceeding Rs.550/- each. In view of the immediate necessity to purchase the boats the Board requests early orders in the matter.

Extract from South Kanara District Prohibition ~~staff~~ Officer, R.C.6072/50-A4, dated 18-12-50.

Subject:- Fire arms-Muskets-Supply to prohibition staff in charge of patrol work in Mangalore back waters-Kalyanpur.
Read:- Board's C.R.No.26149 Abk/50 XE4, dated 4-12-50.
2. Deputy Comm'r's R.C.6122/50-B2, dated 30-11-50.

As regards the purchase of boat, I submit that a second hand boat for Rs.360/- accomodating about 10 persons is available at Kalyanapur I personally inspected this boat and I consider that it is not worth while to purchase a second hand boat of such a type for Rs.360/-. There are 2 boats fairly new for sale one at Mangalore and another at Kalyanapur for Rs.450/- and 550/- respectively. As the Government sanction to purchase 2 boats is at a cost not exceeding Rs.400/- each, I have not placed the orders for these 2 boats. I request early orders whether I can purchase these 2 boats or any other at a cost not exceeding Rs.550/- each or whether the purchase has to be made only within a cost of Rs.400/- each.

I am also on the look out whether I could secure within that price but I find that new ones are not available readily and even if it is made to order, to a small one carrying about 8 persons, it will cost Rs.700/- and for our estimate only 2nd hand ones will be available. Further we require at least a boat to carry in all 12 persons for which even for a 2nd hand Rs.550/- in the least has to be paid. I solicit early orders in the matter.

Reference:

The Government in their order cited have sanctioned the purchase of two boats at a cost not exceeding Rs. 550/- each and employment of 4 boatmen in South Kanara District for patrol work in the Mangalore back-waters and Kalyanpur river. The District Prohibition Officer, South Kanara now reports that he has purchased only one boat for use in Mangalore back-waters and the question of purchasing the second boat for use in Kalyanpur river may be kept in abeyance as he could not secure a good one at present and also likes to see how far the one purchased could be used before going in for another. In the above circumstances the Board agrees with the views of the District Prohibition Officer and submits that the sanction accorded for the purchase of a second boat for patrol work in Kalyanpur river in the G.O. cited has not been utilised at present and the purchase of the boat has been kept in abeyance.

The Board invites the attention of the Government to its reference CR. No.45871 abk/51 dated 17-11-53 wherein it was submitted that a motor boat with a capacity of 4 persons in addition to the crew of one driver and one Syrang would cost not less than Rs. 6000/-. Subsequently, when the Chairman, Madras Port Trust, was requested to furnish the estimate called for in para 2 of the Government Memorandum cited, he stated that the approximate cost of Rs. 6000/- mentioned in the Board's reference referred to above, referred only to the cost of construction of a launch exclusive of the cost of engines, propelling gear etc. He had also stated that it was not possible to furnxish the annual cost of consumable stores to be used, as that would depend on factors such as sea, wind, current at the places where the launch is used, duration of patrol etc. He had added that the maintenance cost during the first five years was not likely to be considerable. The Chairman was again requested to furnish an estimate for constructing a motor boat with a capacity of 4 persons in addition to a crew of one driver and a syrang including the cost of engines, propelling gear etc.

The Chairman has now reported that the approximate cost of constructing a motor boat will be not less than Rs. 16300/-. A copy of the estimate received from him in this regard is herewith enclosed. The estimate includes proforma charges amounting to Rs. 3914/- and centage at 24½ per cent amounting to Rs. 3205/- He has also stated that it would take four to five months to build the boat after receipt of all materials.

As desired by the Chairman, the Board is addressing the following builders also for cost and delivery:

1) Messrs. Brunton & Co. (Engineers) Ltd.,
Ballard Road, Cochin.
2) Messrs. Binny's Engineering Works Ltd.,
Harbour, Madras.
3) Messrs. Alcock Ashddown & Co., Mazagaon, Bombay-10.
4) Messrs. B.R. Herman & Mohatta Ltd.,
Sir Pherozshah Mehta Road, Fort Bombay.
5) Messrs. Gordon Woodroffe & Co., Madras.

On receipt of the estimates from the above builders, the Board will submit a detailed report to the Government.

2. In G.O. (Ms.) No.650, Development, dated 12-2-1951, the Govt., sanctioned the purchase of two small boats at a cost of Rs.550/- each for patrol work in the Mangalore back waters and Kalyanpur river in the South Kanara Dt., and the employment of 4 boatmen on Rs.16/- p.m. each for a period of one year. Only one ordinary boat at a cost of Rs.400/- was purchased and the Board has now proposed the purchase of a motor boat, in lieu of the second ordinary boat sanctioned in the G.O. The Board has stated that during the ('machwa' ~~boat~~ season from October to May each year, smuggling of Goa arrack into South Kanara Dt. is carried on methodically with the help of habitual distillers living on the banks of Mangalore back waters and Kalyanpur river through big cargo boats. In order to check the boats in the sea itself, so as to put an effedtive end to this kind of smuggling, a motor boat is considered immensely useful. The cost of the motor boat is estimated at Rs.6,000/-. The Board has also proposed the employment of one driver on Rs.45/- p.m. plus Rs.22/- Dearness Allowance and one syrang on Rs.16/- plus a D.A. of Rs.18/- p.m. No idea of the cost of maintenance of the motor boat has been given.

3. In this connection, attention is invited to G.O. (Ms.) No.2068, Rev., dated 31/8/1948, in which a similar proposal received from the Board of Revenue for providing a motor launch for the Prohibition

P.T.O.

staff in the Stanley Reservoir, Mettur, was not accepted by the Govt., for the reasons (i) that ~~the~~ illicit distillers would ~~keep~~ hear the approach of the motor launch and thus get warned beforehand; and (ii) that the launch was liable to be misused for pleasure trips. In the present case, the first reason does not apply, as the motor boat is intended to raid and search cargo boats coming from Goa in the sea itself and not to catch up any ~~xxx~~ illicit distillers on land. The second objection will, however, hold good, especially as the motor boat will not have its work to do during the four months from June to September every year. The Board may be consulted ~~xxxxx xxxxxxxxxx~~ on this point. It may also be asked to furnish an estimate of the annual cost involved in the maintenance of the motor boat.

A draft memo is submitted for approval.
